HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 340—Division of Energy Chapter 4—Wood Energy Credit

EMERGENCY AMENDMENT

4 CSR 340-4.010 Wood Energy Credit. The division is amending sections (2), (3), and (4), adding new sections (5), (7), (8), and (9), and renumbering as needed.

PURPOSE: *This amendment clarifies the processing rules for the Wood Energy Tax Credit to accommodate the appropriation requirement established by Senate Bill 729 (2014).*

EMERGENCY STATEMENT: *The Department of Economic Development, Division of Energy determined that this emergency amendment is necessary to preserve a compelling governmental interest in ensuring that applicants receive proper and timely authorization and issuance of the Wood Energy Tax Credit (tax credit) due to the added condition that the credit shall only be authorized and issued upon appropriation. This is the first year an appropriation has been made since the addition of the appropriation requirement. An early effective date is required because funds must be expended by June 30, 2016, and the tax credit application, review, issuance, and redemption processes cannot be accomplished by this deadline under the prescribed timelines for the regular administrative rulemaking process.*

Under the current rule, applications were accepted on a first come,

first served basis and the division had not received applications in excess of the six (6) million dollar statutory cap. The insertion of the subject to appropriations clause by Senate Bill 729 established a dynamic, annual cap and created the circumstance in which the annual appropriation made could be less than the amount of credits sought. In fact, the amount of Wood Energy Tax Credit applications received at the time of submission of this amendment is in excess of the appropriated amount.

The addition of a deadline of June 30 for tax credit applicants, as proposed by the Division of Energy, is necessary to allow for the total requested amount to be calculated and provided to decision makers for consideration while developing the following year's budget and allows the division to know the amount of new credits that may be issued without exceeding current appropriations. Without the establishment of a deadline, unintentional confusion and a perceived lack of transparency may occur. As intended by the statute, appropriators should be provided with the information to fully consider the amount of appropriation necessary to meet the tax credit amount sought by applicants. The division ought to be made aware of the full amount sought by producers in order to effectively educate and support the line item amount requested throughout the budgetary process.

*The Division of Energy also needs the ability to authorize and issue the credit on a **pro rata** apportionment basis due to the possibility that the approved appropriation in any given fiscal year could be less than the amount of credits applied for. This **pro rata** apportionment method will ensure that the cumulative amount of tax credits is proportionally allocated to eligible applicants and will limit the consequences associated with underfunding the tax credit with regard to the carry forward provision.*

The addition of sections (7), (8), and (9) is necessary to clarify the procedures regarding the six (6) million dollar cap on aggregate allowed tax credits and the annual cap established by the appropriation amount as required by Senate Bill 729.

*This emergency amendment is necessary to provide a clear procedure for the processing of tax credit applications in accordance with the appropriations provided for the fiscal year. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended by the *Missouri* and *United States Constitutions*. The Division of Energy considers this emergency amendment just and reasonable to all interested persons and parties in accordance with the statutory modifications. A proposed amendment covering this same material is published in this issue of the *Missouri Register*. This emergency amendment was filed November 16, 2015, becomes effective November 26, 2015, and expires May 23, 2016.*

(2) A Missouri wood energy producer shall make application for the credit to the Missouri Department of *[Natural Resources]* **Economic Development**, Division of Energy. Applications can be made for processed wood products resulting from the use of Missouri forestry industry residue used on or after January 1, 1997. **Applications must be received by the Division of Energy by June 30 of the year immediately following the calendar year of production.** Unused credit may be carried over to any subsequent taxable year, not to exceed four (4) years, subject to 10 CSR 140-4.010(3). The application will include the number of tons of processed wood products produced in Missouri during the preceding calendar year, the name and address of the purchaser to whom the processed wood products were initially sold, the number of tons sold to each initial purchaser, and any documentation required by *[DNR]* the **Department of Economic Development**. The application will be received and reviewed by the Department of *[Natural Resources]* **Economic Development**, Division of Energy and that division will certify to the Department of Revenue all applicants which qualify as a wood energy producer.

(3) The tax credit to the wood energy producer shall be five dollars (\$5) per ton of processed Missouri forestry industry residue. The calculation

of the tax credit shall be five dollars (\$5) per ton of wood pellets sold and for charcoal shall be five dollars (\$5) per ton of charcoal sold, adjusted by a multiplier of four (4). The formula used to calculate the tax credit for charcoal is based on the amount of Missouri forest industry residue[,] required to produce one (1) ton of charcoal. The processor of the Missouri forestry industry residue shall receive the tax credit. Any Missouri forestry industry residue used to produce heat in the manufacture of processed wood products does not qualify for the tax credit. There can be only one (1) tax credit claimed on any given Missouri forestry industry residue. Applicants who qualify through the Department of *[Natural Resources]* **Economic Development**, Division of Energy and are certified to the Department of Revenue by the Department of *[Natural Resources]* **Economic Development**, Division of Energy for the tax credit may claim the credit for a period of five (5) years. The credit can only be used against the income tax otherwise due. This credit is not available for use against withholding tax liabilities. Any credit which exceeds the tax due shall not be refunded but may be carried forward to four (4) succeeding tax years. **In the event that the total amount of credits applied for in a given year exceeds the total amount of the appropriation authorized, the amount of each credit will be adjusted on a pro rata basis so that the total amount of credits authorized does not exceed the total amount of the appropriation made for that year. In the event that an issued pro rata adjusted tax credit is not redeemed in part or in its entirety, only the amount of the issued credit may be carried forward.** If the credit is not used or assigned within five (5) years it expires.

(4) The wood energy producer may elect to assign to a third party or parties the approved tax credit, if the credit has not expired or has not been previously used. The certification of the assignment must be filed with the Missouri Department of Revenue on a department form at the time the assignment takes place. *[The credit can only be used against the income tax otherwise due. This credit is not available for use against withholding tax liabilities. Any credit which exceeds the tax due shall not be refunded but may be carried forward for four (4) succeeding tax years. If the credit is not used or assigned within five (5) years it expires.]*

(5) The Department of Revenue will work with the Missouri Department of Economic Development, Division of Energy to generate a report to be provided to the Division of Energy within thirty (30) days following the end of the fiscal year on the amount and value of credits redeemed as of June 30 during the most recent fiscal year. This will allow the division to include any outstanding carry forward credit amounts in budget considerations.

[(5)](6) A wood energy producer using the federal credit for wood energy is not eligible to claim the state tax credit.

(7) In no event shall the aggregate amount of all authorized, issued, and redeemable tax credits under sections 135.300 to 135.311, RSMo exceed six (6) million dollars in any given fiscal year.

(8) For tax credits authorized or issued after July 1, 2015, in no event shall the aggregate tax credit amount authorized, issued, and redeemable in a given fiscal year exceed appropriations for that fiscal year.

(9) Amounts authorized and issued before July 1, 2015 shall be grandfathered.

AUTHORITY: sections 135.300–135.311, RSMo [Supp. 1997] **2000 and RSMo Supp. 2014**, and sections 536.010[,] and 536.023.3, RSMo [1994] **Supp. 2013**. This rule originally filed as 10 CSR 140-4.010. Original rule filed Dec. 31, 1991, effective May 14, 1992. For intervening history, please consult the *Code of State Regulations*.

Emergency amendment filed Nov. 16, 2015, effective Nov. 26 2015, expires May 23, 2016. A proposed amendment covering this same material is published in this issue of the Missouri Register.

Title 8—DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS

Division 30—Division of Labor Standards

Chapter 3—Prevailing Wage Law Rules

EMERGENCY AMENDMENT

8 CSR 30-3.010 Prevailing Wage Rates for Public Works Projects. The division is amending section (4).

PURPOSE: *This amendment provides a cutoff date by which local wage rates must be submitted to the Department of Labor and Industrial Relations to determine the prevailing wages of occupational classifications in the construction industry for each Missouri county and the City of St. Louis. Under section 290.262, RSMo, the department must file its initial prevailing wage determinations with the Missouri Secretary of State by March 10 of each year. The department receives thousands of submissions identifying wage rates paid for millions of hours worked in the various occupational classifications throughout the state each year. (For use in preparing the 2015 wage order, the department received reports of wage rates paid for over nineteen (19) million hours of construction work.) In order for it to reasonably be able to consider the impact of the hours submitted, especially considering that the wage rates determined to be prevailing in a county can be dependent on rates paid in an adjacent county under section 290.262.3, RSMo, the department needs to set a cutoff date by which the submissions must be made so that it can then complete the task of sorting and tabulating the hours submitted and then assess what wage rates prevail as defined by statute. This amendment sets such a cutoff date.*

EMERGENCY STATEMENT: *This emergency amendment immediately amends an existing rule relating to wage orders by adding a cutoff date by which local wage rates must be submitted to the Department of Labor and Industrial Relations for them to be used by the department in its annual determinations of prevailing wage rates of construction industry occupational classifications in each Missouri county and the City of St. Louis.*

The determination of prevailing wage rates first became dependent, in some circumstances, on the wage rates in adjacent counties when section 290.262, RSMo, was amended effective in August 2013. This change significantly increased the complexity of, and time needed for, completing the initial wage order filed in March 2014. Due to the increased complexity and difficulties in preparing the initial order filed in March 2014, the department set an internal cutoff of January 31, 2015, and used only wage and hour submissions received before that date in the preparation of the initial wage order filed in March 2015. This allowed the department to more efficiently complete the wage order in the time allowed. The department gave direct notice of the cutoff date through public outreach and by direct notice to parties historically known to have provided wage and hour information. Not long after the final wage order was filed in late May 2015, the department learned of hours submitted after the cutoff date that would have resulted in a different prevailing wage in a county for an occupational title had they been submitted before January 31, 2015, or during the subsequent period during which objections could be filed with the Labor and Industrial Relations Commission. The department determined that giving formal notice of the date by which it needs to cutoff consideration of additional information through a regulation would give all parties submitting wage and hour information better knowledge of the need to get this information to the department within the time needed for it to complete the initial wage order. The department addressed the idea of adding a cutoff date by regulation at meetings with contractor and labor groups from around

the state throughout the summer and fall of 2015. The department also discussed the addition of a cutoff date in its regulations in direct contacts with individual contractors, labor organizations, and public bodies during this same time period. Following these outreach efforts, the department completed its formulation of the proposed amendment to its rule in October 2015.

This amendment must be implemented immediately to provide notice to contractors, unions, and other interested parties of the cutoff date, to allow these interested parties to gather and submit wage data to the department in a timely manner for the department's use in determining which wage rates prevail in each county, which rates will then be included in its next annual wage order. Each year's annual wage order must be filed with the secretary of state by March 10, as provided in section 290.262.1 and .4, RSMo. The annual wage order sets out the minimum wage rates that must be paid to workers in each occupational title in each county for their work on public construction projects in those counties during the following year. As a result, the department finds that an early effective date for this rule is necessary to preserve the compelling governmental interest of establishment of a reasonable cutoff date for submission of the wage information it uses to determine local prevailing wages that will provide it the time necessary to sort, tabulate, and assess that information for use in the next wage order. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The department believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires on May 17, 2016.

(4) The annual wage order issued by the department contains the current wage rates prevailing in the locality at the time the annual wage order is issued. Hours worked during the calendar year are used to set the prevailing wage rates in the annual wage order issued in March of the following year. **The department will consider hours submitted for use in its initial determination of the prevailing wage rates to be included in a particular year's wage order only if those hours are received by it, by either paper submission or in electronic format, no later than January 31 of that year.** Section 290.262.9, RSMo provides that the annual wage order for a particular occupational title may be altered once each year with an incremental increase. A public body shall specify in the call for bids for each contract the prevailing hourly rate of wages in the locality for each type of worker as set forth in the annual wage order or any replacement page(s) identifying the annual incremental increase issued by the department. The wage rates attached to, and made a part of, the call for bids for a contract shall remain in effect for the duration of that particular contract.

EMERGENCY AMENDMENT

19 CSR 30-61.085 Physical Requirements of the Family Day Care Home. The department is amending subsection (1)(L).

PURPOSE: This amendment specifies that smoking is prohibited in areas where children are cared for in a child care home as recommended by the American Academy of Pediatrics Task Force on Sudden Infant Death Syndrome for a safe infant sleeping environment.

EMERGENCY STATEMENT: According to the Centers for Disease Control and Prevention, Sudden Infant Death Syndrome (SIDS) was the fourth leading cause of death for infants in 2013. Approximately one hundred (100) Missouri infants die as a result of SIDS each year. In 2014, an infant in a licensed child care facility died as a result of SIDS after a weighted blanket was placed over the child's legs when he was lying face down. As a result, the Missouri legislature promulgated section 210.223.6, RSMo, as part of HCS for SCS for SB 341, 98th General Assembly, First Regular Session (2015). The bill authorizes the Department of Health and Senior Services (DHSS) to promulgate emergency rules to implement safe sleep practices as recommended by the American Academy of Pediatrics (AAP) for licensed child care facilities. The AAP Task Force on SIDS has made safe sleep recommendations for infants to help reduce the risk of SIDS. The AAP has recommended that child care providers not smoke in child care areas since infants have a higher risk of SIDS if they are exposed to secondhand smoke. Secondhand smoke can cause other health problems in infants and children such as more frequent and severe asthma attacks, respiratory infections, and ear infections. As a result, this emergency amendment is necessary to protect the health of children in child care settings and to implement safe sleep practices as recommended by the AAP in family child care homes in order to reduce the risk of SIDS. The DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The DHSS believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires May 17, 2016.

(1) General Requirements.

(L) *[Caregivers shall not smoke when holding or feeding children, changing diapers, assisting with toileting or when preparing food.] No person shall smoke or otherwise use tobacco products in any area of the child care facility during the period of time when children cared for under the license are present.*

EMERGENCY AMENDMENT

19 CSR 30-61.095 Furniture, Equipment, and Materials. The department is amending subsection (1)(B).

PURPOSE: This amendment updates the rule to reflect new federal safety guidelines for cribs and adds language to implement safe sleep recommendations from the American Academy of Pediatrics (AAP) as required by section 210.223, RSMo.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. The AAP Task Force on SIDS has made safe sleep recommendations for infants in order to reduce the risk of SIDS. The AAP has made recommendations regarding cribs, bedding, and sleep practices to help prevent SIDS. The AAP recommends that cribs and playpens be free of soft objects, soft toys, blankets or other soft or loose bedding, and that cribs are free of bumper pads. The Consumer Product Safety Commission (CPSC) revised its standards for cribs and required all cribs manufactured and sold on or after June 28, 2011, to comply with the new standards. The AAP works in collaboration with the CPSC to ensure child safety and played a key role in the crib requirement changes. The crib requirements support both the AAP recommendations and the CPSC's safe sleep initiative. There are approximately one thousand one hundred (1,100) licensed family child care homes in Missouri. At the time of this publishing, licensed family child care homes have a capacity to care for approximately ten thousand nine hundred (10,900) children at any given time. Approximately ninety-six percent (96%) of family child care homes are licensed to care for children less than one (1) year of age. As a result, this emergency amendment is necessary to protect the health of children in child care settings and to implement safe sleep practices as recommended by the AAP in family child care homes in order to reduce the risk of SIDS. The DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. EMERGENCY AMENDMENT

19 CSR 30-61.105 The Day Care Provider and Other Day Care Personnel. The department is adding a new section (5).

PURPOSE: This amendment adds requirements for caregiver training to include training concerning the safe sleep recommendations of the American Academy of Pediatrics Task Force on Sudden Infant Death Syndrome for a safe infant sleeping environment.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. EMERGENCY STATEMENT: According to the Centers for Disease Control and Prevention, Sudden Infant Death Syndrome (SIDS) was the fourth leading cause of death for infants in 2013. Approximately one hundred (100) Missouri infants die as a result of SIDS each year. In 2014, an infant in a licensed child care facility died as a result of SIDS after a weighted blanket was placed over the child's legs when he was lying face down. As a result, the Missouri legislature promulgated section 210.223.6, RSMo, as part of HCS for SCS for SB 341, 98th General Assembly, First Regular Session (2015). This bill requires all caregivers who work in a licensed family child care home caring for children under one (1) year of age to receive safe sleep training based on the American Academy of Pediatrics (AAP) safe sleep recommendations and authorizes the Department of Health and Senior Services (DHSS) to promulgate emergency rules to implement these recommendations. The training will explain the AAP safe sleep recommendations and explain ways to comply with them, such as laying an infant on its back to sleep, creating a sleep environment free of blankets, toys, bumper pads, or other items that could cause suffocation, and reducing the risk of a child overheating while it is asleep. There are approximately one thousand one hundred (1,100) licensed family child care homes in Missouri, each with at least one (1) approved assistant caregiver. Approximately two thousand two hundred (2,200) individuals would need to receive the safe sleep training. The training is necessary to ensure caregivers are aware of safe sleep practices to protect the health and safety of infants in child care settings. As a result, the DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The DHSS believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires May 17, 2016.

(5) Safe Sleep Training. Every three (3) years the provider and assistant(s) in a family child care home licensed to provide care for infants less than one (1) year of age shall successfully complete department-approved training regarding the American Academy of Pediatrics (AAP) safe sleep recommendations contained in the *American Academy of Pediatrics Task Force on Sudden Infant*

Death Syndrome. Technical report – SIDS and other sleep-related infant deaths: expansion of recommendations for a safe infant sleeping environment, by Moon RY, which is incorporated by reference in this rule and published in *PEDIATRICS* Volume 128, No. 5, November 1, 2011, and available from the University of Vermont College of Medicine, Given Building S261, 89 Beaumont Avenue, Burlington, Vermont 05405-0068, telephone number 802-656-2505, fax number 802-656-4844, or at www.pediatrics.aapublications.org/content/128/5/1030.full. This rule does not incorporate any subsequent amendments or additions.

(A) The training shall be documented and maintained as described in subsection (4)(B) of this rule.

(B) The provider and assistant(s) in a family child care home licensed prior to the effective date of this rule shall complete the safe sleep training described in section (5) of this rule within three (3) months of the effective date of this rule.

(C) The provider and assistant(s) in a family child care home licensed after the effective date of this rule shall complete the safe sleep training described in section (5) of this rule prior to licensure.

(D) The provider and any assistant hired or volunteering at the facility after initial licensure shall complete the safe sleep training described in section (5) of this rule within thirty (30) days of employment or volunteering at the facility.

EMERGENCY AMENDMENT

19 CSR 30-61.135 Admission Policies and Procedures. The department is adding a new section (2), renumbering thereafter, and amending sections (1) and (6).

PURPOSE: This amendment requires family child care home providers to implement and maintain written policies pertaining to safe sleep for children less than one (1) year of age in accordance with the American Academy of Pediatrics (AAP) recommendations, and provides minimum requirements for the provider's safe sleep policy.

EMERGENCY STATEMENT: According to the Centers for Disease Control and Prevention, Sudden Infant Death Syndrome (SIDS) was the fourth leading cause of death for infants in 2013. Approximately one hundred (100) Missouri infants die as a result of SIDS each year. In 2014, an infant in a licensed child care facility died as a result of SIDS after a weighted blanket was placed over the child's legs when he was lying face down. As a result, the Missouri legislature promulgated section 210.223.6, RSMo, as part of HCS for SCS for SB 341, 98th General Assembly, First Regular Session (2015) authorizes the Department of Health and Senior Services (DHSS) to promulgate emergency rules to implement safe sleep practices as recommended by the American Academy of Pediatrics (AAP) for licensed child care facilities. This bill requires child care providers to implement and maintain written policies pertaining to safe sleep for children less

than one (1) year of age in accordance with the AAP recommendations. This emergency amendment would impact approximately one thousand one hundred (1,100) licensed family child care homes. However, child care providers already maintain written policies. The new policy required by the bill would be added into providers' existing policy handbooks and each provider, as long as the requirements match the AAP recommendations, would be able to create and implement its own policy which pertains to the provider's individual facility and its operation. The policy shall include specifics on safe sleep environments (such as removing any blankets, bumper pads, pacifier clips, etc.) and will require specific safe sleep practices (checking on sleeping infants, ensuring being able to hear children when they are in distress, placing infants on their backs to sleep, etc.). Infants are at high risk of Sudden Infant Death Syndrome (SIDS) if they are placed on their stomachs to sleep or if infants are placed in an unsafe sleep environment. To ensure caregivers are aware of the AAP's safe sleep recommendations, a safe sleep policy is necessary. As a result, this emergency amendment is necessary to protect the health of children in child care settings and to implement safe sleep practices as recommended by the AAP in family child care homes in order to reduce the risk of SIDS. As a result, the DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. This emergency amendment is necessary to protect the health of children in child care settings, particularly related to reducing the risk of SIDS by ensuring a safe sleep environment for children less than one (1) year of age. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri and United States Constitutions*. The Department of Health and Senior Services believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires May 17, 2016.

(1) The provider shall establish, **implement, and maintain** written policies pertaining to the program goals, admission, **safe sleep practices for children less than one (1) year of age**, care and discharge of children, and shall provide a copy to the parent(s) at the time of enrollment.

(2) The provider's infant safe sleep policy shall comply with section 210.223, RSMo, and shall include, but not be limited to:

(A) The following safe sleep practices:

1. The policy shall list the licensee's expectations regarding how and when caregivers are to be trained on safe sleep;

2. A requirement that children less than one (1) year of age be placed on their backs to sleep;

3. A requirement that the facility shall receive a written statement from the infant's licensed health care provider stating that the infant requires alternative sleep positions or special sleeping arrangements that differ from those set forth in 19 CSR 30-61.175(2)(C) prior to allowing the infant to be placed in a sleep position that is not on his or her back; and

4. Supervision of infants during nap/sleep times, to include:
A. Positioning of staff;
B. Lighting in the nap room;
C. Physical checks of the child to ensure he or she is not overheated or in distress; and

D. Prohibitions against the use of any equipment such as a sound machine that may interfere with the caregiver's ability to see or hear a child who may be distressed; and

(B) The following requirements for safe sleep environments:

1. The policy shall state that cribs and playpens must have a firm mattress and tight fitting sheets, be free of loose bedding, bumper pads, pillows, and soft toys;

2. Shall require infants' heads be uncovered during nap/sleep times;

3. Shall prohibit covering cribs or playpens with blankets or bedding;

4. Shall prohibit smoking in the child care home during the hours children are in care; and

5. Shall require giving the parent(s) or guardian(s) of each infant in care a copy of the provider's safe sleep policy upon the child's enrollment.

[(2)](3) The provider shall have available a copy of the *Licensing Rules for Family Day Care Homes in Missouri* and shall advise the parent(s) at the time of enrollment of his/her child of the availability of the rules for review.

[(3)](4) A child who has a special physical, developmental, or behavioral need shall have on file an individualized plan for specialized care from a professionally qualified source.

[(4)](5) The provider shall assess his/her ability to provide care for the special needs child while also meeting the needs of the other children.

[(5)](6) The provider shall develop and implement a procedure for admitting children which shall include:

(A) A personal interview with the parent(s) and child to exchange information and arrive at a mutual decision about admitting a child;

(C) Discussion of the plan for providing for the care of the ill child as required by 19 CSR 40-61.185 Health Care;

5. Permission for field trips, transportation to and from school, and other transportation;

6. Permission for school-age children to leave the home to participate in classes, clubs, or other activities, naming the activity, time of leaving and returning, and the method of transportation to and from the activity (Permission for regular activities such as scouting may be given for the entire school term.); and

7. Acknowledgement by the parent(s) that—

A. They have received a copy of the provider's policies pertaining to the admission, care, and discharge of children;

B. They have been informed that the *Licensing Rules for Family Day Care Homes in Missouri* are available in the home for their review;

C. They and the provider have agreed on a plan for continuing communication regarding the child's development, behavior, and individual needs; *[and]*

D. They understand and agree that the child may not be accepted for care when ill./; and

E. They have received a copy of the provider's safe sleep policy when enrolling children less than one (1) year of age.

[(6)](7) If care is provided for children related to the provider who do not live in the home, the parent(s) shall complete and sign a form

which is supplied by the department. The form shall be on file at the home before related children are accepted for care and shall contain the following identifying information:

- (A) Each child's name, address, birth date, and date of admission;

[(8)](9) After attempts have been made to meet a child's individual needs, any child who demonstrates an inability to benefit from the care offered by the child care provider or whose presence is detrimental to other children may be discharged from the home.

[(9)](10) Care of a child may be discontinued if the provider and the parent(s) cannot establish a mutually satisfactory working relationship.

[(10)](11) Parents shall have access to the home at any time during child care hours.

Chapter 61—Licensing Rules for Family Day

EMERGENCY AMENDMENT

19 CSR 30-61.175 Child Care Program. The department is amending subsections (1)(A) and (2)(C).

PURPOSE: This amendment implements safe sleep recommendations from the American Academy of Pediatrics (AAP) Task Force on Sudden Infant Death Syndrome for a safe infant sleeping environment and section 210.223, RSMo.

EMERGENCY STATEMENT: According to the Centers for Disease Control and Prevention, Sudden Infant Death Syndrome (SIDS) was the fourth leading cause of death for infants in 2013. Infants are at an increased risk of SIDS if they are placed on their stomachs to sleep and are placed in an unsafe sleep environment. The American Academy of Pediatrics (AAP) Task Force on SIDS has made safe sleep recommendations for infants to help reduce the risk of SIDS. Section 210.223.6, RSMo (HCS for SCS for SB 341, 98th General Assembly, First Regular Session (2015)) requires licensed child care facilities that provide care to children less than one (1) year of age to implement and maintain AAP safe sleep recommendations, which includes placing infants on their backs to sleep, providing supervised tummy time, and requires written instructions from a licensed health care provider for alternative sleep positions or special sleep arrangements. This emergency amendment will impact approximately one thousand one hundred (1,100) licensed family child care homes in

Missouri. At the time of this publishing, family child care homes have a capacity to care for approximately ten thousand nine hundred (10,900) children at any given time. Approximately ninety-six percent (96%) of family child care homes are licensed to care for children less than one (1) year of age. Section 210.223, RSMo, authorizes the Department of Health and Senior Services (DHSS) to promulgate emergency rules to implement these recommendations. This emergency amendment is necessary to protect the health of children in child care settings, particularly related to reducing the risk of SIDS by ensuring a safe sleep environment for children less than one (1) year of age. As a result, the DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the Missouri Register. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The DHSS believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires May 17, 2016.

(1) Care of the Child.

(A) General Requirements.

1. Child care providers shall not leave any child without competent adult supervision.

2. The provider or an assistant personally shall admit each child upon arrival and personally shall dismiss each child upon departure. Children shall be dismissed only to the parent(s), guardian, legal custodian, or to the individual(s) approved by the parent(s), guardian, or legal custodian.

3. Caregivers shall provide frequent, direct contact so children are not routinely left unobserved on the premises.

4. Children under three (3) shall be supervised and assisted while in the bathroom.

5. 6. If children are napped with no caregiver in the room, the door to the room cannot be closed.

7. All children shall nap on the same floor and a caregiver shall remain on the floor where children are napping at all times.

8. Preschool children who do not sleep shall rest on sleeping equipment at least thirty (30) minutes, but shall not be forced to remain on the sleeping equipment longer than one (1) hour. They shall then be permitted to leave the napping area to engage in quiet play.

Division 30—Division of Regulation and Licensure Chapter 62—Licensing Rules for Group Child Care Homes and Child Care Centers

EMERGENCY AMENDMENT

19 CSR 30-62.082 Physical Requirements of Group Day Care Homes and Day Care Centers. The department is amending subsection (1)(K).

PURPOSE: This amendment specifies that smoking is prohibited in areas where children are cared for in a group child care home or child care center as recommended by the American Academy of Pediatrics Task Force on Sudden Infant Death Syndrome for a safe infant sleeping environment.

EMERGENCY STATEMENT: According to the Centers for Disease Control and Prevention, Sudden Infant Death Syndrome (SIDS) was the fourth leading cause of death for infants in 2013. Approximately one hundred (100) Missouri infants die as a result of SIDS each year. In 2014, an infant in a licensed child care facility died as a result of SIDS after a weighted blanket was placed over the child's legs when he was lying face down. As a result, the Missouri legislature promulgated section 210.223.6, RSMo, as part of HCS for SCS for SB 341, 98th General Assembly, First Regular Session (2015). The bill authorizes the Department of Health and Senior Services (DHSS) to promulgate emergency rules to implement safe sleep practices as recommended by the American Academy of Pediatrics (AAP) for licensed child care facilities. The AAP Task Force on SIDS has made safe sleep recommendations for infants to help reduce the risk of SIDS. The AAP has recommended that child care providers not smoke in child care areas since infants have a higher risk of SIDS if they are exposed to secondhand smoke. Secondhand smoke can cause other health problems in infants and children such as more frequent and severe asthma attacks, respiratory infections, and ear infections. As a result, this emergency amendment is necessary to protect the health of children in child care settings and to implement safe sleep practices as recommended by the AAP in group child care homes and child care centers in order to reduce the risk of SIDS. The DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The DHSS believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires May 17, 2016.

(1) General Requirements.

(K) [Smoking shall be prohibited in child care areas and in food preparation and food service areas.] No person shall smoke or otherwise use tobacco products in any area of the child care facility during the period of time when children cared for under the license are present.

AUTHORITY: sections 210.221[.1(3)] and 210.223, RSMo Supp. [1998] 2015. This rule previously filed as 13 CSR 40-62.071, 13 CSR 40-62.082, and 19 CSR 40-62.082. EMERGENCY AMENDMENT

19 CSR 30-62.092 Furniture, Equipment, and Materials. The department is amending subsection (1)(B).

PURPOSE: This amendment updates the rule to reflect new federal safety guidelines for cribs and adds language to implement safe sleep recommendations from the American Academy of Pediatrics (AAP) as required by section 210.223, RSMo.

The AAP Task Force on SIDS has made safe sleep recommendations for infants in order to reduce the risk of SIDS. The AAP has made recommendations regarding cribs, bedding, and sleep practices to help prevent SIDS. The AAP recommends that cribs and playpens be free of soft objects, soft toys, blankets or other soft or loose bedding, and that cribs are free of bumper pads. The Consumer Product Safety Commission (CPSC) revised its standards for cribs and required all cribs manufactured and sold on or after June 28, 2011, to comply with the new standards. The AAP works in collaboration with the CPSC to ensure child safety and played a key role in the crib requirement changes. The crib requirements support both the AAP recommendations and the CPSC's safe sleep initiative. There are approximately two thousand eighty (2,080) licensed group child care homes and child care centers in Missouri. At the time of this publishing, licensed group child care homes and child care centers have a capacity to care for approximately one hundred thirty-five thousand seven hundred (135,700) children at any given time. Approximately fifty percent (50%) of group child care homes and child care centers are licensed to care for children less than one (1) year of age. As a result, this emergency amendment is necessary to protect the health of children in child care settings and to implement safe sleep practices as recommended by the AAP in group child care homes and child care centers in order to reduce the risk of SIDS. The DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. EMERGENCY AMENDMENT

19 CSR 30-62.102 Personnel. The department is adding a new section (4).

PURPOSE: This amendment adds requirements for caregiver training to include training concerning the safe sleep recommendations of the American Academy of Pediatrics Task Force on Sudden Infant Death Syndrome for a safe infant sleeping environment.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. EMERGENCY STATEMENT: According to the Centers for Disease Control and Prevention, Sudden Infant Death Syndrome (SIDS) was the fourth leading cause of death for infants in 2013. Approximately one hundred (100) Missouri infants die as a result of SIDS each year. In 2014, an infant in a licensed child care facility died as a result of SIDS after a weighted blanket was placed over the child's legs when he was lying face down. As a result, the Missouri legislature promulgated section 210.223.6, RSMo, as part of HCS for SCS for SB 341, 98th General Assembly, First Regular Session (2015). This bill requires all caregivers who work in a licensed group child care home or child care center caring for children under one (1) year of age to receive safe sleep training based on the American Academy of Pediatrics (AAP) safe sleep recommendations and authorizes the Department of Health and Senior Services (DHSS) to promulgate emergency rules to implement these recommendations. The training will explain the AAP safe sleep recommendations and explain ways to comply with them, such as laying an infant on its back to sleep, creating a sleep environment free of blankets, toys, bumper pads, or other items that could cause suffocation, and reducing the risk of a child overheating while he or she is asleep. There are approximately two thousand eighty (2,080) licensed group child care homes and child care centers in Missouri. At the time of this publishing, licensed group child care homes and child care centers have a capacity to care for approximately one hundred thirty-five thousand seven hundred (135,700) children at any given time. Of the total number of licensed group child care homes and child care centers, one thousand forty-eight (1,048) facilities are licensed to care for children less than one (1) year of age. Based on the license capacity of these facilities, approximately ten thousand six hundred (10,600) individuals would need to receive the safe sleep training. The training is necessary to ensure caregivers are aware of safe sleep practices to protect the health and safety of infants in child care settings. As a result, the DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The DHSS believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires May 17, 2016.

(4) Safe Sleep Training. Every three (3) years the center director, group child care home provider, all other caregivers, and those volunteers who are counted in staff/child ratios in a group child care home or child care center licensed to provide care for infants less than one (1) year of age shall successfully complete department-approved training regarding the American Academy of Pediatrics (AAP) safe sleep recommendations contained in the *American Academy of Pediatrics Task Force on Sudden Infant Death Syndrome. Technical report – SIDS and other sleep-related infant deaths: expansion of recommendations for a safe infant sleeping environment*, by Moon RY, which is incorporated by reference in this rule as published in *PEDIATRICS* Volume 128, No. 5, November 1, 2011, and available from the University of Vermont College of Medicine, Given Building S261, 89 Beaumont Avenue, Burlington, Vermont 05405-0068, telephone number 802-656-2505, fax number 802-656-4844, or at www.pediatrics.aapublications.org/content/128/5/1030.full. This rule does not incorporate any subsequent amendments or additions.

(A) The training shall be documented and maintained as described in subsection (3)(B) of this rule.

(B) The center director, group child care home provider, all other caregivers, and those volunteers who are counted in staff/child ratio in a group child care home or child care center, licensed prior to the effective date of this rule, shall complete safe sleep training described in section (4) of this rule within three (3) months of the effective date of this rule.

(C) The center director, group child care home provider, all other caregivers, and those volunteers who are counted in staff/child ratios in a group child care home or child care center licensed after the effective date of this rule shall complete safe sleep training described in section (4) of this rule prior to licensure.

(D) The center director, group child care home provider, all other caregivers, and those volunteers who are counted in staff/child ratios shall complete safe sleep training described in section (4) of this rule within thirty (30) days of employment or volunteering at the facility.

EMERGENCY AMENDMENT

19 CSR 30-62.132 Admission Policies and Procedures. The department is adding a new section (2), renumbering thereafter, and amending sections (1) and (8).

PURPOSE: This amendment requires group child care homes and child care centers to implement and maintain written policies pertaining to safe sleep for children less than one (1) year of age in accordance with the American Academy of Pediatrics (AAP) recommendations and provides minimum requirements for the provider's safe sleep policy.

PUBLISHER'S NOTE: The secretary of state has determined that the

publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. EMERGENCY STATEMENT: According to the Centers for Disease Control and Prevention, Sudden Infant Death Syndrome (SIDS) was the fourth leading cause of death for infants in 2013. Approximately one hundred (100) Missouri infants die as a result of SIDS each year. In 2014, an infant in a licensed child care facility died as a result of SIDS after a weighted blanket was placed over the child's legs when he was lying face down. As a result, the Missouri legislature promulgated section 210.223.6, RSMo, as part of HCS for SCS for SB 341, 98th General Assembly, First Regular Session (2015) authorizes the Department of Health and Senior Services (DHSS) to promulgate emergency rules to implement safe sleep practices as recommended by the American Academy of Pediatrics (AAP) for licensed child care facilities. This bill requires child care providers to implement and maintain written policies pertaining to safe sleep for children less than one (1) year of age in accordance with the AAP recommendations. There are approximately two thousand eighty (2,080) licensed group child care homes and child care centers in Missouri. Of the total number of licensed group child care homes and child care centers, one thousand forty-eight (1,048) facilities are licensed to care for children less than one (1) year of age. However, child care providers already maintain written policies. The new policy required by the bill would be added into providers' existing policy handbooks and each provider, as long as the requirements match the AAP recommendations, would be able to create and implement its own policy which pertains to the provider's individual facility and its operation. The policy shall include specifics on safe sleep environments (such as removing any blankets, bumper pads, pacifier clips, etc.) and will require specific safe sleep practices (checking on sleeping infants, ensuring being able to hear children when they are in distress, placing infants on their backs to sleep, etc.). Infants are at high risk of Sudden Infant Death Syndrome (SIDS) if they are placed on their stomachs to sleep or if infants are placed in an unsafe sleep environment. To ensure caregivers are aware of the AAP's safe sleep recommendations, a safe sleep policy is necessary. As a result, this emergency amendment is necessary to protect the health of children in child care settings and to implement safe sleep practices as recommended by the AAP in group child care homes and child care centers in order to reduce the risk of SIDS. As a result, the DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. This emergency amendment is necessary to protect the health of children in child care settings, particularly related to reducing the risk of SIDS by ensuring a safe sleep environment for children less than one (1) year of age. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The Department of Health and Senior Services believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires May 17, 2016.

(1) The provider shall establish, **implement, and maintain** written policies pertaining to the program goals, admission, **safe sleep practices for children less than one (1) year of age**, care, and discharge of children, and shall provide a copy to the parent(s) at the time of enrollment.

(2) The provider's infant safe sleep policy shall comply with section 210.223, RSMo, and shall include, but not be limited to:

6. Permission for field trips, transportation to and from school, and other transportation;

7. Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30—Division of Regulation and Licensure Chapter 62—Licensing Rules for Group Child Care Homes and Child Care Centers

EMERGENCY AMENDMENT

19 CSR 30-62.182 Child Care Program. The department is amending subsections (1)(D) and (2)(C).

PURPOSE: This amendment implements safe sleep recommendations from the American Academy of Pediatrics (AAP) Task Force on Sudden Infant Death Syndrome for a safe infant sleeping environment and section 210.223, *RSMo*.

EMERGENCY STATEMENT: According to the Centers for Disease Control and Prevention, Sudden Infant Death Syndrome (SIDS) was the fourth leading cause of death for infants in 2013. Infants are at an increased risk of SIDS if they are placed on their stomachs to sleep and are placed in an unsafe sleep environment. The American Academy of Pediatrics (AAP) Task Force on SIDS has made safe sleep recommendations for infants to help reduce the risk of SIDS. Section 210.223.6, *RSMo* (HCS for SCS for SB 341, 98th General Assembly, First Regular Session (2015)) requires licensed child care facilities that provide care to children less than one (1) year of age to implement and maintain AAP safe sleep recommendations, which include placing infants on their backs to sleep, providing supervised tummy time, and requires written instructions from a licensed health care provider for alternative sleep positions or special sleep arrangements. Section 210.223, *RSMo*, authorizes the Department of Health and Senior Services (DHSS) to promulgate emergency rules to implement these recommendations. There are approximately two thousand eighty (2,080) licensed group child care homes and child care centers in Missouri. At the time of this publishing, licensed group child care homes and child care centers have a capacity to care for approximately one hundred thirty-five thousand seven hundred (135,700) children at any given time. Of the total number of licensed group child care homes and child care centers, one thousand forty-eight (1,048) facilities are licensed to care for children less than one (1) year of age. This emergency amendment is necessary to protect the health of children in child care settings, particularly related to reducing the risk of SIDS by ensuring a safe sleep environment for children less than one (1) year of age. As a result, the DHSS finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri and United States Constitutions*. The DHSS believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires May 17, 2016.

(1) Care of the Child.

(D) Care of Infants and Toddlers.

1. Infants and toddlers shall have constant care and supervision. **Home monitors or commercial devices marketed to reduce the**

risk of Sudden Infant Death Syndrome (SIDS) shall not be used in place of supervision while children are napping or sleeping.

2. Children shall be cared for by the same caregiver on a regular basis.

3. Caregivers shall be alert to various needs of the child such as thirst, hunger, diaper change, fear of or aggression by other children, and the need for attention.

(2) Daily Activities for Children.

(C) Daily activities for infants and toddlers shall include:

B. An infant's head and face shall remain uncovered during sleep.

C. Infants unable to roll from their stomachs to their backs and from their backs to their stomachs shall be placed on their backs when found face down. When infants can easily turn from their stomachs to their backs and from their backs to their stomachs, they shall be initially placed on their backs, but shall be allowed to adopt whatever positions they prefer for sleep.

D. An infant shall not be overdressed when sleeping to avoid overheating. Infants should be dressed appropriately for the environment, with no more than one (1) layer more than an adult would wear to be comfortable in that environment.

E. When, in the opinion of the infant's licensed health care provider, an infant requires alternative sleep positions or special sleeping arrangements that differ from those set forth in this rule, the provider shall have on file at the facility written instructions, signed by the infant's licensed health care provider, detailing the alternative sleep positions or special sleeping arrangements for such infant. The caregiver(s) shall put the infant to sleep in accordance with such written instructions.

F. Pacifiers, if used, shall not be hung around the infant's neck. Pacifier mechanisms or pacifiers that attach to infant clothing shall not be used with sleeping infants.

[7./8. Opportunity for outdoor play when weather permits.

AUTHORITY: sections 210.221 and 210.223, RSMo [2000] Supp. 2015. This rule previously filed as 13 CSR 40-62.170, 13 CSR 40-62.182, and 19 CSR 40-62.182. Original rule filed March 29, 1991,

effective Oct. 31, 1991. For intervening history, please consult the *Code of State Regulations*. Emergency amendment filed Nov. 10, 2015, effective Nov. 20, 2015, expires May 17, 2016. A proposed amendment covering this same material is published in this issue of the *Missouri Register*.

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION

Division 2230—State Board of Podiatric Medicine Chapter 2—General Rules

EMERGENCY AMENDMENT

20 CSR 2230-2.070 Fees. The board is proposing to add sections (4) and (5).

PURPOSE: The State Board of Podiatric Medicine is statutorily obligated to enforce and administer the provisions of Chapter 330, RSMo. Pursuant to section 330.140, RSMo, the board shall set the amount of the fees which the chapter authorizes and requires by rules and regulations. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering the provisions of Chapter 330, RSMo.

EMERGENCY STATEMENT: The State Board of Podiatric Medicine is statutorily obligated to set all fees, by regulation, necessary to administer the provisions of Chapter 330, RSMo. Pursuant to section 330.140, RSMo, the board shall set the amount of the fees which the chapter authorizes and requires by rules and regulations. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering the provisions of Chapter 330, RSMo. Therefore, the board is proposing to decrease the biennial renewal fee from three hundred-fifty dollars (\$350) to five dollars (\$5) and the inactive biennial renewal fee from two hundred dollars (\$200) to five dollars (\$5) for the 2016 renewal period.

Without this emergency amendment the decreased fee requirement will not be effective in time for the renewal notice and the board will collect more revenue than it is statutorily authorized to collect.

The scope of the emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri and United States Constitutions*. In developing this emergency amendment, the board has determined that the fee decreases are necessary to prevent funds from exceeding the maximum fund balance, thereby resulting in a transfer from the fund to general revenue as set forth in section 330.150.2, RSMo. Pursuant to section 324.001.10, RSMo, a compelling governmental interest is deemed to exist for the purposes of section 536.025, RSMo, for license fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the Division of Professional Registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue. The board believes this emergency amendment to be fair to all interested parties under the circumstances. This emergency amendment was filed November 10, 2015, becomes effective November 20, 2015, and expires May 17, 2016.

(4) The following renewal fees shall be effective from December 1, 2015 to March 31, 2016

(A) Biennial Renewal Fee **\$5**

(5) The following renewal fees shall be effective from December 1, 2015 to March 31, 2016

*1981, effective July 9, 1981, expired Nov. 11, 1981. Original rule filed June 30, 1981, effective Nov. 12, 1981. For intervening history, please consult the **Code of State Regulations**. Emergency amendment filed Nov. 10, 2015, effective Nov. 20, 2015, expires May 17, 2016.*

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 340—Division of Energy Chapter 4—Wood Energy Credit

PROPOSED AMENDMENT

4 CSR 340-4.010 Wood Energy Credit. The division is amending sections (2), (3), and (4), adding new sections (5), (7), (8), and (9), and renumbering as needed.

PURPOSE: This amendment clarifies the processing rules for the Wood Energy Tax Credit to accommodate the appropriation requirement established by Senate Bill 729 (2014).

(2) A Missouri wood energy producer shall make application for the credit to the Missouri Department of *[Natural Resources]* **Economic Development**, Division of Energy. Applications can be made for

processed wood products resulting from the use of Missouri forestry industry residue used on or after January 1, 1997. **Applications must be received by the Division of Energy by June 30 of the year immediately following the calendar year of production.** Unused credit may be carried over to any subsequent taxable year, not to exceed four (4) years, subject to 10 CSR 140-4.010(3). The application will include the number of tons of processed wood products produced in Missouri during the preceding calendar year, the name and address of the purchaser to whom the processed wood products were initially sold, the number of tons sold to each initial purchaser, and any documentation required by *[DNR]* **the Department of Economic Development**. The application will be received and reviewed by the Department of *[Natural Resources]* **Economic Development**, Division of Energy and that division will certify to the Department of Revenue all applicants which qualify as a wood energy producer.

(3) The tax credit to the wood energy producer shall be five dollars (\$5) per ton of processed Missouri forestry industry residue. The calculation of the tax credit shall be five dollars (\$5) per ton of wood pellets sold and for charcoal shall be five dollars (\$5) per ton of charcoal sold, adjusted by a multiplier of four (4). The formula used to calculate the tax credit for charcoal is based on the amount of Missouri forest industry residue *[,]* required to produce one (1) ton of charcoal. The processor of the Missouri forestry industry residue shall receive the tax credit. Any Missouri forestry industry residue used to produce heat in the manufacture of processed wood products does not qualify for the tax credit. There can be only one (1) tax credit claimed on any given Missouri forestry industry residue. Applicants who qualify through the Department of *[Natural Resources]* **Economic Development**, Division of Energy and are certified to the Department of Revenue by the Department of *[Natural Resources]* **Economic Development**, Division of Energy for the tax credit may claim the credit for a period of five (5) years. The credit can only be used against the income tax otherwise due. This credit is not available for use against withholding tax liabilities. Any credit which exceeds the tax due shall not be refunded but may be carried forward to four (4) succeeding tax years. **In the event that the total amount of credits applied for in a given year exceeds the total amount of the appropriation authorized, the amount of each credit will be adjusted on a pro rata basis so that the total amount of credits authorized does not exceed the total amount of the appropriation made for that year. In the event that an issued pro rata adjusted tax credit is not redeemed in part or in its entirety, only the amount of the issued credit may be carried forward.** If the credit is not used or assigned within five (5) years it expires.

(4) The wood energy producer may elect to assign to a third party or parties the approved tax credit, if the credit has not expired or has not been previously used. The certification of the assignment must be filed with the Missouri Department of Revenue on a department form at the time the assignment takes place. *[The credit can only be used against the income tax otherwise due. This credit is not available for use against withholding tax liabilities. Any credit which exceeds the tax due shall not be refunded but may be carried forward for four (4) succeeding tax years. If the credit is not used or assigned within five (5) years it expires.]*

(5) The Department of Revenue will work with the Missouri Department of Economic Development, Division of Energy to generate a report to be provided to the Division of Energy within thirty (30) days following the end of the fiscal year on the amount and value of credits redeemed as of June 30 during the most recent fiscal year. This will allow the division to include any outstanding carry forward credit amounts in budget considerations.

[(5)](6) A wood energy producer using the federal credit for wood energy is not eligible to claim the state tax credit.

(7) In no event shall the aggregate amount of all authorized, issued, and redeemable tax credits under sections 135.300 to 135.311, RSMo exceed six (6) million dollars in any given fiscal year.

(8) For tax credits authorized or issued after July 1, 2015, in no event shall the aggregate tax credit amount authorized, issued, and redeemable in a given fiscal year exceed appropriations for that fiscal year.

(9) Amounts authorized and issued before July 1, 2015 shall be grandfathered.

AUTHORITY: sections 135.300–135.311, RSMo [Supp. 1997] 2000 and RSMo Supp. 2014, and sections 536.010[,] and 536.023.3, RSMo [1994] Supp. 2013. This rule originally filed as 10 CSR 140-4.010. Title 8—DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS

Division 30—Division of Labor Standards Chapter 3—Prevailing Wage Law Rules

PROPOSED AMENDMENT

8 CSR 30-3.010 Prevailing Wage Rates for Public Works Projects. The division is amending section (4).

PURPOSE: This amendment provides a cutoff date by which local wage rates must be submitted to the Department of Labor and Industrial Relations to determine the prevailing wages of occupational classifications in the construction industry for each Missouri county and the City of St. Louis. Under section 290.262, RSMo, the department must file its initial prevailing wage determinations with the Missouri Secretary of State by March 10 of each year. The department receives thousands of submissions identifying wage rates paid for millions of hours worked in the various occupational classifications throughout the state each year. (For use in preparing the 2015 wage order, the department received reports of wage rates paid for over nineteen (19) million hours of construction work.) In order for it to reasonably be able to consider the impact of the hours submitted, especially considering that the wage rates determined to be prevailing in a county can be dependent on rates paid in an adjacent county under section 290.262.3, RSMo, the department needs to set a cutoff date by which the submissions must be made so that it can then complete the task of sorting and tabulating the hours submitted and then assess what wage rates prevail as defined by statute. This amendment sets such a cutoff date.

(4) The annual wage order issued by the department contains the current wage rates prevailing in the locality at the time the annual wage order is issued. Hours worked during the calendar year are used to set the prevailing wage rates in the annual wage order issued in March of the following year. **The department will consider hours submitted for use in its initial determination of the prevailing wage rates to be included in a particular year's wage order only if those hours are received by it, by either paper submission or in electronic format, no later than January 31 of that year.** Section 290.262.9, RSMo provides that the annual wage order for a particular occupational title may be altered once each year with an incremental increase. A public body shall specify in the call for bids for each contract the prevailing hourly rate of wages in the locality for each type of worker as set forth in the annual wage order or any replacement page(s) identifying the annual incremental increase issued by the department. The wage rates attached to, and made a part of, the call for bids for a contract shall remain in effect for the duration of that particular contract.

AUTHORITY: section 290.240.2, RSMo 2000. Original rule filed Dec. 18, 1975, effective Dec. 28, 1975. For intervening history, please consult the *Code of State Regulations*. Emergency amendment filed Nov. 10, 2015, effective Nov. 20, 2015, expires May 17, 2016. Amended: Filed Nov. 10, 2015.

Title 10—DEPARTMENT OF NATURAL RESOURCES Division 25—Hazardous Waste Management Commission Chapter 12—Hazardous Waste Fees and Taxes

ORDER OF RULEMAKING

By the authority vested in the Hazardous Waste Management Commission under sections 260.380 and 260.475, RSMo Supp. 2014, the commission amends a rule as follows:

10 CSR 25-12.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 15, 2015 (40 MoReg 872-882). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held August 20, 2015, and the public comment period ended August 27, 2015. At the public hearing the Department of Natural Resources testified that the proposed amendment would adjust the hazardous waste generator registration and renewal fee, the in-state fee for hazardous waste generated in Missouri, as well as the minimum and maximum amounts for the in-state fee, and the land disposal fee for hazardous waste disposed on land.

Mr. Kevin Perry, Assistant Director of the Regulatory Environmental Group for Missouri (REGFORM), testified at the public hearing in support of the proposed amendment.

There was no other testimony on the proposed amendment and the department received no comments during the comment period.

One (1) change is proposed to this amendment in response to com-

ments from department staff about the wording relating to collection of one (1) of the fees that is changed in this proposed amendment. Department staff noticed that the wording for the hazardous waste generator registration and renewal fee did not explicitly state that the increased rate that is established in the proposed amendment would be collected beginning calendar year 2017 and also for all future years.

COMMENT: In paragraph 10 CSR 25-12.010(1)(E)1. on page 874 there is language in the proposed amendment regarding the new generator registration and renewal fee, which will be collected beginning October 1, 2016 for calendar year 2017 and then collected annually thereafter. The language in the proposed amendment only states that the new rate will be collected for calendar year 2017 and does not specifically state that the rate will be collected for future calendar years as well.

RESPONSE AND EXPLANATION OF CHANGE: The comment is noted and a change has been made to this section of the proposed amendment to clearly state that the revised rate will be collected both for calendar year 2017 and for future calendar years by addition of the words "and beyond."

10 CSR 25-12.010 Fees and Taxes

(1) Hazardous Waste Fees Applicable to Generators of Hazardous Waste. The fees in this section apply notwithstanding any conflicting language in any other rule regarding the amount of any of the fees listed in this section.

(E) Registration Fee. A generator required to register in accordance with 10 CSR 25-5.262 shall pay the following registration fees:

1. Prior to October 1, 2016, all new generator registration and registration renewal fees will be one hundred dollars (\$100). Beginning October 1, 2016, all new generator registration and registration renewal fees that will cover calendar year 2017 and beyond will be assessed at the new rates established in this subsection. The amount of the registration fee will be based upon the generator status of the generator. The fee schedule is as follows:

A. A generator registering as a Large Quantity Generator shall pay a registration fee of five hundred dollars (\$500);

B. A generator registering as a Small Quantity Generator shall pay a registration fee of one hundred fifty dollars (\$150); and

C. A generator registering as a Conditionally Exempt Small Quantity Generator shall pay a registration fee of one hundred fifty dollars (\$150);

2. A registration fee will be paid with the submittal of the registration form required by 10 CSR 25-5.262 when one (1) of the following is true:

A. The generator is applying for a new ID number (initial registration);

B. The generator is reactivating an existing ID number that had been inactivated;

C. There has been a change in the ownership of the generator (initial registration for the new company); and

D. A SQG or CESQG who changes their generator status to LQG and has already paid the one hundred fifty dollar (\$150) registration fee for the year as required by this subsection shall pay three hundred fifty dollars (\$350) with the submittal of the required registration form;

3. The following constitutes the procedure for registration renewal:

A. The amount of the registration renewal fee is also based upon the generator status of the generator at the time the invoice is generated and uses the same schedule as the registration fee;

B. The calendar year shall constitute the annual registration period;

C. Annual registration renewal billings will be sent by

December 1 of each year to all generators holding an active registration;

D. Any generator initially registering between October 1 and December 31 of any given year shall pay the initial registration fee, but shall not pay the annual renewal fee for the calendar year immediately following their initial registration. From that year forward, they shall pay the annual renewal fee. For any generator registering between October 1, 2016 and December 31, 2016, the initial registration fee will be assessed at the new rates established in this subsection for the calendar year that begins on January 1, 2017;

E. Any generator required to register who fails to pay the annual renewal fee by the due date specified on the billing shall be administratively inactivated and subject to enforcement action for failure to properly maintain their registration;

F. Generators administratively inactivated for failure to pay the renewal fee in a timely manner, who later in the same registration year pay the annual renewal fee, shall pay a fifteen percent (15%) late fee in addition to the required annual renewal fee for each applicable registration year and shall file an updated generator registration form with the department before their registration is reactivated by the department;

G. Generators who request that their registration be made inactive rather than pay the renewal fee, who later in that same renewal year pay the annual renewal fee to reactivate their registration, shall pay a fifteen percent (15%) late fee in addition to the required annual renewal fee and file an updated generator registration form with the department before their registration is reactivated by the department; and

H. Any person who pays the annual renewal fee with what is found to be an insufficient check shall have the registration immediately revoked; and

4. Large quantity generator registration renewal petition process. A generator may petition to have a single large quantity generator registration renewal fee cover multiple generator sites with different ID numbers as long as at least one (1) generator site is a large quantity generator and the generator can demonstrate to the satisfaction of the department that each of the following conditions has been met:

A. All of the generator sites are owned or leased by the same person and all are under control of the same person;

B. The generator provides a single point of contact for all generator sites within the group;

C. Each generator site is adjacent to a property that also shares a border with at least one (1) other generator site in the group, or all generator sites are accessible by a common roadway, or all generator sites are within the recognized boundaries of an industrial park, warehouse district, research campus, or academic campus, provided that all generator sites are in close proximity to one another and can be inspected as a single facility;

D. The generator submits a map that shows the location of each generator site covered by the single registration fee;

E. All of the generator sites share a single contingency plan, a single repository for required records, and a unified training plan that covers all of the large quantity and small quantity generator sites; and

F. The generator must submit an updated petition and map any time a generator site is added to or removed from the group and each generator site must have an existing ID number before it can be added to the group.
